

**SCAN TO SEE
LET'S GLOW
IN ACTION!**

Creativity radiates when you uncover the science of light by exploring illuminating inventions and fluorescent animals in the 2024 Camp Invention® Illuminate program! Practice persistence as you make a one-of-a-kind Glow Box, experimenting with different forms of light and customizing your designs. Investigate how light works in LEDs and fiber optics, then explore ultraviolet light to reveal a mystery hidden in the dark!
