

## Accessibility-enabled Navigation

Users who require navigation assistance can access tabs, links, buttons, and menus using select key combinations.

**Note:** The navigation features are designed for use by public and executive users only.

**To navigate the BoardDocs site using the accessibility features, do the following:**

1. Verify that you are viewing your BoardDocs site as a public or executive user.
2. To advance through tabs, links, buttons, and menus on the page, press the **<TAB>** key repeatedly until you land on the desired item (you will see a yellow highlight appear on the selected item).
3. To reverse the navigation direction, press the **<SHIFT> + <TAB>** keys.
4. To launch the highlighted text or item, press the **<ENTER>** key.
