Eclipse - April 8th - Message from the Principal

As you may know, there will be a partial solar eclipse visible in our area on April 8, 2024. Viewing a solar eclipse without proper eye protection can potentially cause permanent eye damage and vision loss. To safely view an eclipse, special eclipse glasses or other certified sun filters are required. With hundreds of students, we cannot ensure that every child would have the approved eye protection and use it properly throughout the entire eclipse.

While this is an exciting astronomical event, the district will not be facilitating a formal viewing of the eclipse. Outdoor recess scheduled after 12:45 will be moved indoors. Please note that during elementary and Harvest release times, supervision will be provided to ensure students do not directly view the eclipse. We understand that some parents/guardians may wish to excuse their children from class to observe the eclipse, and we fully support this decision.

We will have standard reminders that we will teach our students regarding sun safety. While we recognize that the solar eclipse may spark scientific interest, we will let classroom teachers determine what they may wish to have their classes learn about eclipses through classroom lessons and materials. Thank you for your understanding and cooperation in ensuring the safety and well-being of our students during this event.

Family Norski Time

On Tuesday, April 2nd, teacher groups met to dive deeper into recent student data, assessments, observations, and grades. Through discussions, we worked as teams to create "Norski Groups" based on student strengths and areas of growth. These groups will begin meeting on Monday, April 8th during each grade level's assigned "Norski Time." During this time students will be working on skills specific to their learning needs. For those students who were identified as needing additional Reading and/or Math support, teachers will be providing

more specific information relating to things your student may be working on during “Norski Time” soon. We are so excited to help our learners continue to grow this school year! -Mrs. Billings, Reading Teacher
