

## Family Care Transition 101

presented by Arc-Dane County

Transitioning out of the school system that provides built-in services and activities can be challenging for a special needs family. Join us to learn about resources, government impacted changes to service, and where you can find systems of support. Also, get a preview of important issues around Family Care coming to Dane County in January 2018.

**October 18, 2017**

**6:00 - 7:00 pm**

**Holum Education Center  
Room: The Glenn  
520 E. Holum Street

More information about the Arc-Dane County:

*Over 65 years ago, a group of parents came together to fight for the educational rights of their children. Their efforts set in place the framework for the organization that would become the Arc-Dane County. Today, we continue the work of those parents by **advocating for educational, employment, residential, and social opportunities** that help smooth life's transitions.*
