

EXECUTIVE SUMMARY REPORT

DEFOREST SCHOOL DISTRICT – YAHARA ELEMENTARY & MIDDLE SCHOOL STEM

August 21, 2015

What's New?

We are pretty much complete with work at Yahara Elementary with just a few minor things to complete early next week. The staff has moved back in and are liking their new spaces. The STEM lab at the Middle School continues to progress well and we are looking very good heading into the final week of summer before students return.

The Past Week

- Yahara Elementary
 - Exterior and interior glass has been installed.
 - Final painting and wall-touch ups are complete.
- MS STEM
 - Painting in the construction lab is complete.
 - Flooring is complete in the STEM lab.
 - Casework installation has started in both rooms.

Coming Up in the Week Ahead

- Yahara Elementary
 - Project is Complete!!
- MS STEM
 - Finish casework installation in both rooms.
 - Complete painting.
 - Install new HVAC equipment in both rooms.
 - Final clean and obtain occupancy late next week.

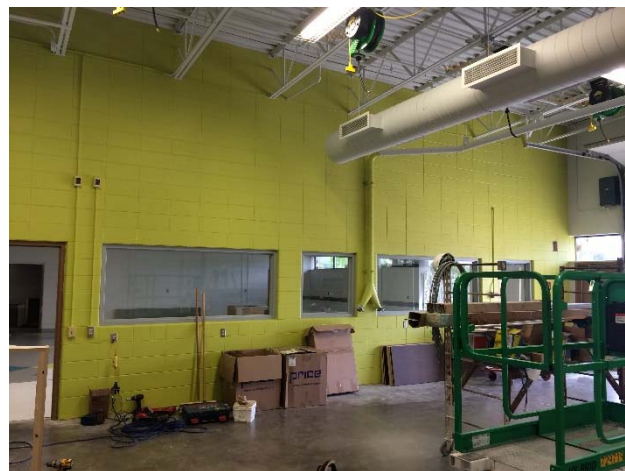

The completed office looking out into the commons area.

The view looking towards the principal's office and nurse's room.

The STEM lab's flooring is complete as well as the ceiling "clouds".
The countertops will be installed this coming week.

The freshly painted walls and ceilings in the construction lab.

Did you know? Ceiling clouds are a suspended ceiling system that generally take a certain shape/design to provide an architectural design as well as help with acoustical issues.
